

## TALENT SEARCH – ELECTRICAL TECHNICIAN

---

Galiano Gold Inc. is a dual-listed (NYSE: TSX) mining company focused on exploration, development, and operations. Its subsidiary, Asanko Gold Ghana Ltd, is a multi-pit mining complex on the Asankrangwa Gold Belt, featuring a 5.5Mtpa processing plant with expansion potential.

### The Opportunity

Asanko Gold Ghana Ltd is seeking to employ a well-motivated and experienced **Electrical Technician** to join the team. The successful candidate will contribute to the reliability and efficiency of electrical systems to support smooth operational performance while ensuring compliance with safety regulations and company standards.

### Job Purpose

The **Electrical Technician** will be responsible for installing, maintaining, repairing, and troubleshooting electrical systems and equipment to ensure their safe and efficient operation.

### Key Responsibilities:

- Assemble, install, test and maintain electrical or electronic wiring, equipment, appliances, apparatus, and fixtures.
- Inspect electrical systems, equipment and components and the need for adjustment or repair and ensure compliance with codes.
- Repair or replace wiring, equipment, and fixtures, using appropriate hand and power tools.
- Execute plans of electrical wiring for well-functioning lighting, intercom and other electrical systems.
- Install safety and distribution components (e.g. switches, resistors, circuit-breaker panels).
- Connect wiring in electrical circuits and networks ensuring compatibility of components.
- Prevent equipment failures by routinely inspecting, cleaning and checking terminations of circuits.
- Perform effective troubleshooting to identify hazards or malfunctions and repair or substitute damaged units.
- Executes daily routine work according to Policies and procedures within prescribed guidelines.
- Perform any other duty as assigned by the supervisor in accordance with Asanko policies.
- Ensure regulatory compliance

### Qualifications & Experience

- Diploma or NVTI Certificate in Electrical Engineering or equivalent.
- Between 3-5 years of experience in an industrial/mining environment.
- Valid Ghana Energy Commission License (EL1/EL2) is mandatory.

### Key Competencies

- Knowledge of low-voltage and high-voltage electrical systems.
- Expertise in troubleshooting, installing, and maintaining electrical equipment.
- Understanding of PLC, VSDs, and electrical control systems.
- Compliance with electrical safety standards and regulations

## APPLICATION PROCESS

When applying, please follow the guidelines below to maximize the success of your application:

1. Include an introductory paragraph in your cover letter explaining why you believe you are qualified for the role you are applying for.
2. Limit your CV to four (4) pages.
3. Your CV must include demographic details, qualifications, work experience and contacts of a minimum of two referees.
4. List your most recent positions first.
5. Include copies of relevant certificates and academic records.
6. Please provide the title of the job you are applying for in the email subject line.

## MODE OF APPLICATION

Applications, together with detailed curriculum vitae and proof of qualifications, should be submitted by the deadline date to:

**Manager, Organizational Capability,  
Asanko Gold Ghana Limited,  
No. 4, Sir Arku Korsah Road, Airport Residential Area,  
P. O. Box CT 6153, Accra-Ghana.**

**Or email: [applicants@asanko.com](mailto:applicants@asanko.com)**

The closing date for submission of applications is **Sunday, 15<sup>th</sup> June 2025**

***Please note: Only shortlisted candidates will be contacted.***
