

TALENT SEARCH – JUNIOR MINING ENGINEER

Galiano Gold Inc. is a dual-listed (NYSE: TSX) mining company focused on exploration, development, and operations. Its subsidiary, Asanko Gold Ghana Ltd, is a multi-pit mining complex on the Asankrangwa Gold Belt, featuring a 5.5Mtpa processing plant with expansion potential.

The Opportunity

Asanko Gold Ghana Ltd is seeking to employ a well-motivated and experienced **Junior Mining Engineer** to join the team. The successful candidate will support smooth operational performance while ensuring compliance with safety regulations and company standards.

JOB PURPOSE

The Junior Mining Engineer will support the Mine Technical Services team in the planning, design, and monitoring of mining operations to ensure safe, efficient, and sustainable extraction of ore. The role involves providing technical assistance in drilling, blasting, production scheduling, and data analysis, while gaining hands-on exposure to mining operations.

Key Responsibilities

- Assist in the preparation and implementation of short-term mine plans and production schedules.
- Support drilling and blasting activities, including design, monitoring, and compliance with safety standards.
- Conduct pit surveys, data collection, and analysis to track progress against mining plans.
- Collaborate with geologists, surveyors, and other technical teams to optimize ore recovery.
- Monitor and report on daily mining activities to ensure adherence to operational KPIs.
- Participate in hazard identification, risk assessments, and implementation of safety procedures.
- Contribute to continuous improvement initiatives aimed at increasing efficiency and reducing operational costs.
- Prepare technical reports and presentations for internal use and management review.
- Perform any other related duties as assigned by the Supervisor or Senior Mining Engineer.

KNOWLEDGE AND SKILL REQUIREMENTS

Knowledge

- Bachelor's degree in Mining Engineering or a related discipline.
- Minimum of two (2) years' experience mining operations, or related engineering roles.
- Basic understanding of mine planning, design principles, and mineral extraction methods.
- Familiarity with mining software (e.g., Surpac, Datamine, or similar) will be an advantage.
- Knowledge of safety standards and regulations in the mining industry.
- Proficiency in Microsoft Office (Word, Excel, PowerPoint).

Skills

- Strong analytical and problem-solving skills.
- Good written and verbal communication abilities.

- Ability to work effectively in a team environment.
- Attention to detail and commitment to safety.
- Willingness to learn and adapt in a fast-paced mining environment.
- Strong organizational and time management skills.

APPLICATION PROCESS:

Submit your application by **September 24, 2025** through any of the means below:

- applicants@asanko.com
- Manager, Organizational Capability,
Asanko Gold Ghana Limited,
No. 4, Sir Arku Korsah Road, Airport Residential Area,
P. O. Box CT 6153, Accra-Ghana.

Your application should follow the guidelines below:

1. **Subject:** Application for Junior Mining Engineer.
2. Cover letter highlighting Mining Engineer expertise.
3. CV (max 4 pages) with qualifications, experience, and referees.
4. Copies of relevant certificates.

Please note: Only shortlisted candidates will be contacted.
